四级翻译训练题及答案:酒文化

中国人在7000年以前就开始用谷物酿酒。总的来说,不管是古代还是现代,酒都和中国文化息息相关。长久以来,中国的酒文化在人们生活中一直扮演着重要的角色。我们的祖先在写诗时以酒助兴,在宴会中和亲朋好友敬酒。作为一种文化形式,酒文化也是普通百姓生活中不可分割的部分,比如生日宴会、送别晚宴、婚礼庆典等。

参考译文:

Chinese people began to brew liquor from grains 7,000 years ago. In general, liquor has been closely related to Chinese culture, both in ancient and modern times. For a long time, Chinese liquor culture has played a significant role in people's lives. Our ancestors would drink liquor to add to the fun when composing poems and toast to friends and family at banquets. As a cultural form, liquor culture is also an integral part of ordinary people's lives, such as birthday parties, farewell dinners, wedding celebrations, and so on.
